For over 150 years, coaches have chosen Porter Athletic equipment for unsurpassed quality, service, and industry-leading features. Our equipment is designed with the safety and performance of athletes at the forefront. We care about your success, and work relentlessly to maintain your trust and confidence.

THE STARTING LINEUP

Whether you're hosting conference championships or setting up extra shooting stations, Porter keeps your facility and budget in mind. From the arena-level 1835, to the high-performing and versatile 1135, to the thoughtfully designed 735 shooting station, Porter partners with you all season long to deliver a high-performance playing experience, smooth installation and set-up, and outstanding service and support.

Building a successful program starts with equipment you can trust.

1835 SERIES

Satisfy the highest levels of competition and performance with the arena-level portable from Porter, and eliminate the universal pains experienced with other portable backstops.

The 1835 portable offers a proven design that's easy to install and simple to set up. Porter's exclusive self-docking tray anchor system (Patent No. 10,238,944) allows perfect alignment into a secured game position, eliminating hassles. Special locator pins provide additional control and user support during the setup process. Once positioned, the 1835 portable provides effortless spring-assisted setup for play.

Meticulously crafted protective pads integrate perfectly around the base and stanchion of the portable to enhance facility appearance. Choose from a full-range of vinyl pad colors and vibrant powder coat frame colors to complete your portable design. Optional full-color protective pad graphics offer even greater customization options.

1635 SERIES

Marrying the top tier qualities of the 1835 with the practicality of the 1135, our new 1635 portable brings arena level features in a versatile package.

The 1635 is a spring assisted, folding portable that uses Porter's exclusive self-docking tray anchor system (Patent No. 10.238.944) for perfect alignment into a secured game position while eliminating hassle. Two leveling feet in the front of the unit allow for precision adjustment of the height setting and provide stability for the unit.

Meticulously crafted protective pads integrate perfectly around the base and stanchion of the portable to enhance facility appearance. Choose from a full-range of vinyl pad colors and vibrant powder coat frame colors to complete your portable design. 1135 SERIES

This versatile portable backstop combines high-level play capability with simplified storage and maneuvering capabilities.

We are proud to include the 1135 in our Porter Athletic Portable lineup. The 1135 unit is a spring assisted, folding portable that provides extra stability and meets all competition needs.

The 1135 is anchored and secured with two heavy duty threaded rods that screw into specially designed floor anchors. Two leveling feet in the front of the unit allow for precision adjustment of the height setting and provide stability for the unit. The 1135 features Porter's Center-Strut direct goal attachment, allowing for easy goal and backboard installation. The direct goal-mount system also withstands slam-dunk action and prevents glass backboards from shattering. This portable is more easily stored and maneuvered than traditional arena competition portables. The 1135 is guided by two rigid, dual-wheel casters and two swivel casters.

- CENTER-STRUT ATTACHMENT
- THREADED KNOB TIE-DOWN SYSTEM
- SCREW-TYPE LEVELING JACKS
- 6 NON-MARKING RUBBER CASTER WHEELS
- 2" THICK FRONT PADDING (7' TALL)
- ADJUSTABLE TO 8',9', AND 10' GOAL HEIGHTS

735 SERIES

New-and-improved design features make this portable a top choice for both competitive team practices and recreational play.

A unique tension spring assist folding mechanism concealed in the base provides instant and effortless height adjustments from storage position to 8' 9' or 10' goal heights. An improved anchoring method includes one tie-down threaded anchor at the rear position and two screw-type level jacks in the front for simplified setup. Updated frame and boom construction provides maximum durability.

Porter's Center-Strut direct goal-mount system withstands slam dunking and prevents glass backboards from shattering.

- SPRING OPERATED
- SCREW-TYPE LEVELING JACKS
- THREADED KNOB TIE-DOWN SYSTEM
- UPDATED FRAME AND BOOM
- 2" THICK FRONT PADDING
- 4 NON-MARKING SWIVEL CASTER WHEELS
- ADJUSTABLE TO 8',9', AND 10' GOAL HEIGHTS

PORTABLE ACCESSORIES

1835 Floor Anchor Extension Bracket

Optional tie down bracket recommended for portable floor with less than 4' from the edge of the floor to the rear of the portable. Includes bracket, chain, and anchor.

FITG00430 **$726**

Floating Floor Type Anchor

Two part system to allow movement and expansion of wood floor where flooring does not exceed 3 7/8" total thickness. Anchor installs after finished floor is in place by means of a double acting masonry anchor. 5" chrome or brass plated cover assembly consists of molded plastic recessed mounting flange, cork gasket and swivel type retainer pin. Specify extended shaft handwheel for use on floor mounted equipment.

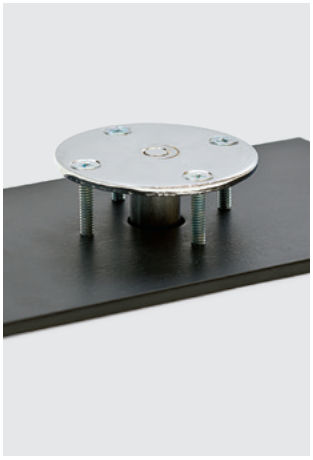

00249000	**Anchor w/ Chrome Cover**	**$431**
00249200	**Anchor w/ Brass Cover**	**$431**
HAND00001000	**Handwheel w/Stud ½"-3½"**	**$33**
HAND00027000	**Handwheel w/Stud ½"-2¼"**	**$37**
HAND00067000	**Handwheel w/Stud ½"-3-¾"**	**$33**

Sleeper Anchor

Designed for use in sleeper floors where anchorage into both concrete slab and wood floor is desirable. Top plate is 3½" diameter and is threaded to provide adjustment to floor surface.

00244000 **$356**

Portable Floor Type Anchor

Designed specifically for installation on a professional type portable wood flooring system. Anchor is identical to the 3½" diameter chrome plated top plate assembly as used on the No. 00242100 floor anchor with the addition of flat head machine screws and a heavy steel reinforcing plate which is mounted under the portable floor panels to properly distribute loading on the wood sections.

00242900 **$309**

Expansion Anchor

The industry's favorite. Ideal where there is at least 6" of concrete. Expansion shield provides super holding power. Anchor is 1½" diameter minimizing metal surface on gym floor. Top portion of anchor may be removed for cleaning and washers may be added or removed to keep surface of anchor flush with floor.

00247100 **$316**

Thin Concrete Anchor

Designed for maximum holding power through thin channel lock wood or synthetic floors into concrete sub-floors of minimal thickness. Four double acting expansion anchors provide an ultimate pull-out load of 8,200 pounds when properly installed. Top plate is 3½" diameter and is polished and chrome plated.

00242100 **$208**

CUSTOM GRAPHICS

Give your school or facility a true home team advantage with custom printed graphics on your portable backstop!

Simply provide your logo artwork and our design team works with you to create a stunning display. With a state-of-the-art printing process and proper artwork our printer can print nearly any design!

TFX

180° BREAKAWAY & FLEX GOAL

TFX Goal

Designed for premier facilities who experience a volume of top-level talent. The Porter TFX Goal absorbs the impact from all directions reducing the shock into a player's hands. Typical arena rims have the ability to only either flex or breakaway. The TFX combines both technologies to provide desired flexibility that is within NBA rules and requirements.

280180 **$1,310**

- 180 Degree Breakaway & Flex Goal
- Breakway Release adjustable from 180-250 LBS
- 5" x 4" to 5" x **4** ½" Mount Pattern
- Ring Constructed with ⅝" Alloy Steel
- Includes Net & Mounting Hardware

WALL MOUNT BACKSTOPS

219 Up-Fold Series

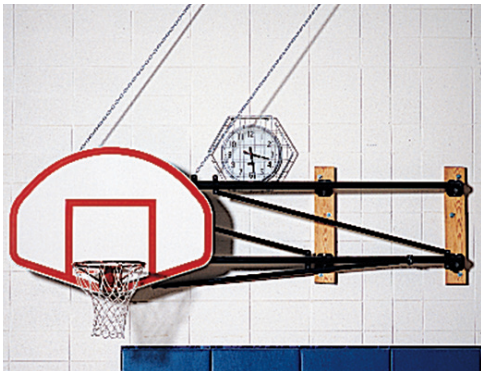

Backstop folds up with hoisting winch for compact storage of both framework and backboard. Special offset hinge fitting arrangement allows backstop to fold nearly flat against a wall. Backstop extension is available in any dimension from 4' to 12' from the wall.

220 Side-Fold Series

Backstop folds to side for economical, compact storage. This style is recommended where low ceiling height or obstructions prohibit other folding methods. Backstop is operational from the floor with a telescoping diagonal brace system with a special locking mechanism. Offset hinge fitting allows backstop to fold nearly flat against a wall. Extension is available in any dimension from 4' to 12' from the wall.

CALL TODAY FOR PRICES

RECOMMENDED FOR ALL UP-FOLD WALL MOUNT BACKSTOPS:

10797120 **Safety Strap Kit (For Unit Without Height Adjuster)**
10797121 **Safety Strap Kit (For Unit With Height Adjuster)**

312 Stationary Series

Simple, rigid diagonally braced design supports backboard at any extension from .5' to 12' from the wall. Porter's Center-Strut backstops are designed with a direct-mount system which provides a structural mounting support plate directly behind the goal eliminating any strain on the backboard during aggressive play.

Column Mount Systems

Designed for mounting a fan-shaped backboard and goal to an exposed straight or sloped column (maximum flange width of 15"). Center-Strut direct goal mount design eliminates any strain on the backboard during aggressive play. Unit includes extension frame with special attachment assemblies and mounting hardware only. Fan backboard and goal separately. Available with Center-Strut manual height adjustment feature which allows goal height settings from 8'-10'. We recommend column padding for player safety.

00310100	**Fixed Height System**
00311100	**Height Adjuster System**

Outdoor Wall Mount System

Fully welded heavy-duty steel frame is galvanized after fabrication for a finish that's durable enough to last a lifetime! Center-Strut direct goal mount design eliminates any strain on the backboard during aggressive play. Backstop extends 4' from the wall. Unit includes a 234A aluminum backboard and a 00251H00 heavy-duty playground goal with chain net to provide the utmost in durability. Wall mounting bolts and anchors not included.

TA128	9' Speed Rope	$15
TA1281	10' Speed Rope	$15

DEFENSE ON A STRING

Defense on a String

A basketball practice tool designed to teach defensive principles. It has 5 belts that are connected by bungee cords to simulate the concept of a team playing on a string defensively. The adjustable belts wrap comfortably around the waist and as one player rotates to close out on the ball, every other player will feel a tug as a reminder to get in a help position or a passing lane. This revolutionary product can be used to teach players both man-to-man or zone defense. It fosters the muscle memory needed for good defensive execution by reinforcing the need for every player to move when the ball is in flight.

TA29010	**1 Unit of 5 Belts Connected By 5 Bungee Chords**	**$349**
TA29020	**Extra Belt**	**$23**
